

# INTERNATIONAL HOUSE

## RESIDENT ROOM DEDICATIONS

The Resident Room Dedication Program was initiated for the House's 75th Anniversary. It provides the opportunity to name resident rooms in celebration of one's own I-House experiences or in memory of loved ones, while helping preserve the I-House building for new generations.

Contributors of \$20,000 or more (payable over up to four years) are invited to provide an inscription to be etched on a 5' x 8' brass plaque elegantly mounted on a mahogany base and installed outside of the resident room of the donor's choice. In addition, a listing of resident room contributors will be perpetually displayed adjacent to the International House Café.

More than 25 alumni and friends of International House have already taken the opportunity to leave this tangible and very personal mark on the House. Please consider participating in this opportunity to support I-House and its mission of cross-cultural understanding for a more peaceful world.

To reserve your room and dedication plaque, please complete and mail this form to the address below or fax to (510)643-8968.

### Dedicated to Choong Kun Cho

A resident of International House from 1955-1958, Choong Kun Cho, originally from Korea, became an executive with Korean Airlines and was dedicated to the purposes of International House in his personal and professional life. Room #745, his former residence, is named in his honor.

Sample Room Dedication Plaque
