Adrian Hao Yin Ü Gateway Fellowship at International House, UC Berkeley

Established in 2005 by International House alumnus Kwei Sang Ü and his Canadian wife, Michele. With this Gateway Fellowship, named in memory of their son who died in his infancy, Kwei and Michele wish to support the mission of International House by supporting incoming doctoral students pursuing studies in any academic field of study who are citizens from outside the U.S. for up to two consecutive years.

Dr. Kwei Ü, from Hong Kong, lived in I-House from 1961 to 1965 while studying for his BA in Physics and Biology. After receiving an MD from Wisconsin, he completed a neurology residency at UCLA. He returned to San Francisco where he practiced as the first and only Cantonese speaking neurologist. Dr. Ü currently serves on the International House Board of Directors.

Kwei Ü’s family has had a long and meaningful relationship with International House. His aunt, Djoh-I LI, was one of its earliest residents. In 1947, his father, Man Foo Peter Ü, lived at International House. Professor Choh Ming LI, Kwei’s uncle, took a sabbatical from the University of California in 1963 to found The Chinese University of Hong Kong, and upon his retirement, returned to Berkeley and served on the International House Board of Directors.
