

INTERNATIONAL HOUSE

Summer 2019 Construction Notice

Before completing your online application, please be aware that there will be ongoing renovations, repairs, painting, and maintenance performed at International House during your stay.

Currently, there are no major renovations or construction projects planned for the Summer 2019 period. However, there are several possible projects under consideration at this time that may affect your stay at International House. Completed in 1930, I-House requires a great deal of regular maintenance and summer is one of the key times during which we can schedule the work necessary to keep the building operational and beautiful, as well as make necessary improvements for our residents.

Noise disturbances from routine maintenance work may occur from 9am to 6pm, Monday through Friday, and occasionally on weekends. Whenever significant renovations or construction is necessary, workers are scheduled to arrive as early as 7am to begin preparations for the day's work but should not be engaging in any work that will create significant disruption prior to 9am.

In accepting a housing contract for this period, you acknowledge that you understand the effect that any maintenance or construction will have on your stay at International House.

Standard room repairs requested via International House's online work order system may require personnel to enter your room. Physical Operations staff usually addresses repairs in residential rooms between the hours of 9am and 3pm.

If you have any questions or concerns, please contact the Admissions team at ihres@berkeley.edu.

If you have a request for special accommodations due to a medical condition that may be negatively affected by such work as described in this notice, please contact **Maribel Guillermo** at chabe@berkeley.edu regarding your request. Requests for medical accommodations should be received at least two weeks prior to your scheduled arrival date.
