INTERNATIONAL HOUSE
UNIVERSITY OF CALIFORNIA
BERKELEY

Spring Semester 1948

This is your copy of the Berkeley International House Directory for the Spring semester of 1948. Keep this book and make good use of it. The Directory has been designed for two purposes. At this time it will be a quick reference list for use in locating present members in the House. Later on it will serve you again when you want the home address of a good friend. Let the Directory be a reminder of days filled with pleasant times and valuable associations. Remember that the experience of living in International House is only the initial step in the achievement of our ideals. The real measure of success depends upon you — as you return to your respective homes.

When you leave International House you can maintain your interest through the International House Association. Membership in the Association will give you an opportunity to continue a lifetime relationship with students who have shared the same experiences. You may contact Mrs. E. S. Carlson at any time in the Association Office.
