

# INTERNATIONAL HOUSE

## 2019-2020 Construction Notice

Before completing your online application, please be aware that there will be occasional renovations, repairs, painting, and maintenance performed at International House during your stay.

Currently, there are no major renovations scheduled during the 2019-2020 Academic Year. However, with a historic building such as International House which was built in 1929, there is always the possibility that the need for repairs and renovations may arise.

During any construction project during the Academic Year, noise disturbances from this and other routine maintenance work are scheduled from 9am to 4pm, Monday through Friday, and occasionally on weekends. Construction teams may arrive as early as 7am to begin preparations for the day's work but will not begin any work that creates significant noise until 9am.

Room repairs requested via International House's online work order system may require personnel to enter your room. Physical Operations staff usually addresses repairs in residential rooms between the hours of 9am and 3pm, but due to the construction work, there may be slight delays in responding to work order requests, although we don't expect these to be significant.

If you have any questions or concerns regarding our maintenance services or building-related concerns, please contact the Admissions team at [ihres@berkeley.edu](mailto:ihres@berkeley.edu).

If you have a request for special accommodations due to a medical condition that may be negatively affected by this construction, please contact Roxanne Heglar at [rheglar@berkeley.edu](mailto:rheglar@berkeley.edu) regarding your request. Requests for medical accommodations should be received at least two weeks prior to your scheduled arrival date.
