International House

SPRING SEMESTER
1965

at the
University of California
Berkeley
This directory has been prepared at the suggestion of student residents and is exclusively for their use. Extra copies are therefore not available for distribution or sale to the public.

International House in former years issued only a spring semester directory of home addresses. By adding personal photographs and by advancing the date of publication it is hoped that the interests of the residents will be better served, and that opportunities for friendships and exchange of ideas will be even greater than before.

Program Staff
March 1965

International House on the Berkeley campus was established in 1930 through the gift of John D. Rockefeller, Jr., who donated funds to the University for the purchase of land and for the erection and furnishing of a building to be used as a residential and social center for American and foreign students. It was the goal of the founders that students of all nationalities might live together under the same roof, and learn to know one another in an environment of mutual understanding and respect.

Each semester International House serves as a home to more than 500 resident and 400 non-resident members representing some seventy countries of the world and most of the states of the U.S.A.
International House
Council
Spring, 1965
