

DIRECTORY

INTERNATIONAL HOUSE
UNIVERSITY OF CALIFORNIA
BERKELEY

Fall Semester 1946

With the first full-scale Directory of Berkeley International House in several years, comes a reference list of friends made here at the House. The Directory may be a reminder of days filled with pleasant times and valuable associations. The experience of living in International House is only the initial step in the achievement of the ideals of the House. The real measure of success depends upon you—as you return to your respective homes.

When you leave International House you can maintain your interest through the International House Alumni Association. The International House Alumni Association is also affiliated with the University of California Alumni Association. You are cordially invited to a joint membership in both Associations. You have a fortunate opportunity to continue a lifetime relationship with students who have shared the same experiences. You may at any time contact Mrs. E. S. Carlson regarding Alumni membership.
