Berkeley

1930 - 1980

FALL QUARTER 1980

International House Directory

INTERNATIONAL HOUSE is a residence and program center for foreign and American students primarily at the graduate level. It was established in 1930 through a generous gift of John D. Rockefeller, Jr., who donated funds to the University for the purchase of land and the erection and furnishing of the building. It was the goal of the founders that students of all nationalities might live under the same roof, and learn to know one another in an environment of mutual understanding and respect.

Each quarter International House serves more than 500 residents and a similar number of non-resident members representing some seventy countries of the world and most of the states in the U.S.A.

This Directory has been prepared at the suggestion of student residents and is exclusively for their use. No extra copies are available for distribution or sale to the public.

The GRA's are: left to right, Doug Kim, U.S.A. (8th floor); Marcel de Lannoy, U.S.A./Netherlands (4th floor); Lisa Harvey, U.S.A. (3rd floor); Don Rath, U.S.A. (5th floor); Guojun Liao, People's Republic of China (8th floor); and Deepak Natarajan, India (7th floor). Not pictured is Wilson So, Hong Kong (6th floor).

Graduate Resident Assistants are International House residents selected and trained to help other residents with matters ranging from general information to emergency assistance. GRA's are able to provide information about the I House and the University, and to provide specific help or referrals for individual problems or needs. Each floor has a resident GRA who serves as a resource person for those who live on that floor. Each night and on weekends the GRA's take turns supervising the building and being available to residents. During their shifts you may find them in the vicinity of the Great Hall or you may reach them through the Information Desk (642-9490 or 642-9499).
